

Turning Point Oxfordshire Substance Misuse

RCGP Certificate in the Management of Drug Misuse Part One

Local Face to Face Training Event

Thursday 22nd March 2018

Turning Point is providing face to face training day for RCGP Part One Certificate in the Management of Drug Use & Certificate in the Management of Alcohol Problems in Primary Care Level 1 for professionals working in Shared Care.

N.B. Part One to the RCGP Certificate in the Management of Drug Misuse is ideal for GPs working at a generalist level, as part of a shared care scheme and for those intending to provide treatment to drug users as part of a locally or nationally enhanced service. This course is mapped to the Drug and Alcohol National Standards (DANOS) and is delivered in 2 stages.

Find out more at: <http://www.rcgp.org.uk/substance-misuse> & <http://www.rcgp.org.uk/alcohol>

The Part One course is multi-disciplinary so pharmacists, nurses, drug workers and other healthcare professionals can complete the certificate. This course is made up of two sections and is equivalent **to 9 CPD hours**.

If you wish to qualify for the Part One Certificate of Completion you **must** complete and pass the e-learning module, "*Drugs: Management of Drug Misuse (Level 1)*" **and** attend one of the following local face to face training events. Both sections must be completed within a **6 month** period

You can access the e-module at <http://elearning.rcgp.org.uk/drugmisuse> It is advisable to complete the e-module before the face to face training day.

If you have never registered with the RCGP you will first need to register in order to have access to the emodule.

Once you have completed the e-module you will be able to access a copy of the emodule certificate. Notification will automatically be sent to the SMAH administrative team to confirm that you have completed it.

If you have any issues with access to the emodule please contact e-learning@rcgp.org.uk
